

What is Junior Achievement?

Junior Achievement: Empowering young people to own their economic success.

Junior Achievement is a non-profit organization funded by the local business community, foundations, individuals, and special events such as the Bowl-A-Thon. Junior Achievement provides in-school, economic education for over **123,000** in grades PreK through 12th Grade. Over 5,000 business and community leaders donate their time working in partnership with over 3,200 educators to bring the JA programs into local classrooms.

In the **Garrett Community over 1,300 students will benefit from the JA programs.** Together they are educating today's youth about the basics of economics, business, and workforce readiness.
